MEDIA GUIDE CREDITS

The 2011 Kansas State Track & Field Media Guide was designed and writen by Assistant Sports Information Director David Wiechmann. Cover design is by Graphic Designer Ron Cook with assistance from Mr. Wiechmann on conceptual design. A special thanks goes out to the Sports Information staff for editorial assistance and the track & field coaching staff.

Mugshots and action photographs are by Scott Weaver of Scott Weaver Photography. Sports Information staff members also assisted in some photography for the guide. Some action photos taken by Cheryl Treworgy of Pretty Sporty Photos, Eric Evans of Eric Evans Photography and Beth Hall of Beth Hall Photography.

SPORTS INFORMATION

The Kansas State University Sports Information Office welcomes your interest in track and field and will make every effort to make your coverage of the Wildcats an enjoyable experience. The Sports Information Office maintains information on all current student-athletes, as well as historical information on previous student-athletes and the program in general. For information, interviews, photo shoots and/or file photos, please call, stop by our office, or fax a request.

The Kansas State Sports Information Office is located in Suite 37 of Bramlage Coliseum. Office hours are 8 a.m. to 5 p.m. weekdays.

AHEARN FIELD HOUSE

Ahearn Field House, the home of Wildcat track and field, is located on the campus of Kansas State University. Media members should use the east entrance of the Field House, where a pass list will be located for all home meets. Media seating will be available in the the balcony at the south end of the Field House.

MEDIA CREDENTIALS

All requests for working press, photo and broadcast credentials to K-State home meets should be submitted on official letterhead, either by mail or FAX, to:

Kansas State Sports Information
1800 College Avenue
Bramlage Coliseum, Suite 37
Manhattan, KS 66502

Requests should be received no later than two days prior to a meet. Season media credentials will be mailed prior to the start of the regular season, while individual meet credentials will be handled via a pass-list at the entrance to Ahearn Field House.

GENERAL INTERVIEW POLICIES

Interviews with Kansas State athletes and coaches must be arranged through the sports information office. **Please contact the Sports Information Director for track and field.**

Home phone numbers for student-athletes will **not** be given to the media under **any** circumstances, although players will grant phone interviews by other means.

PHOTOGRAPHY

Photography credentials are issued to daily newspapers, wire services and special periodical publications. No flash photography is permitted and strobe use must be approved in advance. Photographers are required to stay behind the marked areas behind the playing area.

PRACTICES

The Kansas State track and field normally practices from 3-5 p.m. at Ahearn Field House and/or R.V. Christian Track. The practices are open but check in advance as to the team's availability because of conditioning sessions and required off days.

TRACK & FIELD ON THE INTERNET

Kansas State track and field information, along with facts and figures on each of the Wildcats' 16 varsity intercollegiate sports, can be found on the World Wide Web by accessing www.k-statesports.com. Stats, facts, figures, live broadcasts of sporting events – it's all there at k-statesports.com. The official K-State athletics web site is maintained by CBS College Sports.

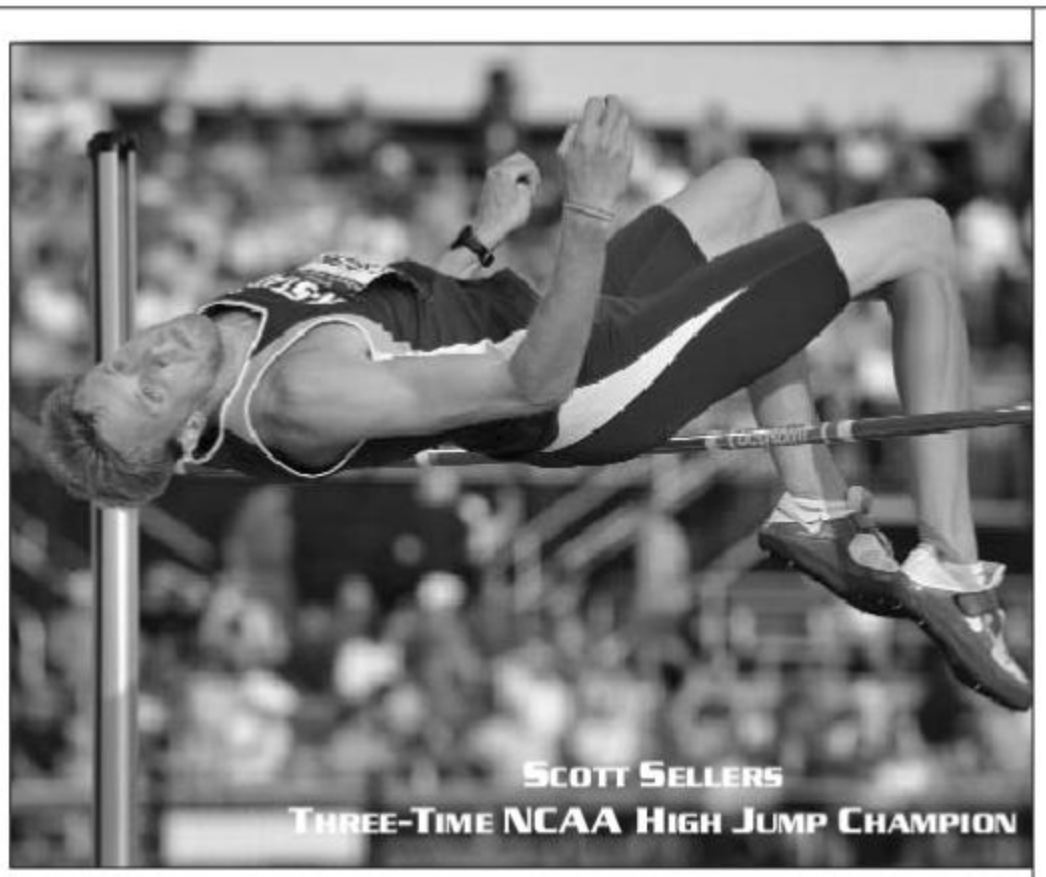
NCAA CHAMPIONS



Kansas State has established itself as an elite program at the national level thanks to the successes of its athletes at the NCAA Championships. K-State has 30 NCAA Championships in its history with six of those coming this decade.

In 2009, the men's team finished 13th at the NCAA Outdoor Championship with 16 points. It was the highest finish for the men's program since finishing 10th in 1998 and the most points scored since that year as well.

During coach Cliff Rovelto's time leading the program, the men and women have combined to win nine individual NCAA crowns. Five of those titles came in the high jump as Rovelto has become one of the nation's top coaches for the event. Two NCAA titles were won by Austra Skyjute in the women's heptathlon, as Rovelto has seen great success by his athletes in combined events as well.

Before emerging as a top high jumping and combined events program, K-State was dominant in the distance medley relay and mile run in the1960's and 70's. The Wildcat men claimed the indoor DMR title in 1967 and 1975. In 1969 the men won the 4X800 relay, and the women's 4X800 relay claimed the 1976 outdoor title.

After showing strength in the mile in the 60's and 70's with three titles, Christian Smith showed K-State is still competing every year in the distance events winning the 2006 indoor mile.

Kansas State has a long standing tradition of training athletes to go on and compete for the highest honor in sports -- a gold medal at the Olympics.

Throughout its history 19 Wildcats have gone on to represent their homeland at the Olympic Games. That tradition spans 13 Olympic Games since 1920 when Ray Watson finished seventh in the steeplechase in Antwerp, Belgium. Since then, former Wildcats have won a total of seven medals in competition on the world's biggest stage.

Thane Baker is K-State's most decorated Olympian as he won the silver medal in the 200 meters in the 1952 Olympics in Finland. He followed that with three medals four years later in Melbourne, Australia. Baker won silver in the 100 meters and brozne in the 200 meters and ran a leg of the 4X100 relay team that brought gold back to the United States.

Olympic experience can be seen even on K-State's coaching staff with assistant coach Steve Fritz and volunteer assistant Tom Pappas representing USA in the decathlon a total of four times.

ALL-AMERICANS

Moritz Cleve
2009 Heptathlon,
Decathlon

Kansas State is a program with a rich tradition of developing elite student-athletes. That is shown at the NCAA Championships with Wildcats consistenty earning All-America honors. You have to go back to the year 2000 to find a year when the men's team did not have an indoor All-American and 1980 in outdoor. The women have only missed out on All-America honors twice in the history of the program both coming indoors. Under the leadership of Coach Cliff Rovelto, the Wildcats have garnered 161 All-America honors, including 46 in the last six years for an average of eight per year.

In 2009, K-State saw Scot Sellers become the first eight-time All-American in one event as he closed his career winning both indoor and outdoor NCAA titles in the high jump. Last season, Erik Kynard kept the high jump streak alive as he earned All-America status both indoor and out as a freshman. Hurdler Jeffrey Julmis ran his way to a fifth-place finish outdoors to become the program's first All-American in the 110 meter hurdles since 1997.

Beverly Ramos closed her career in 2010 with the triple crown earning All-America honors in cross country and both indoor and outdoor track. Ramos became the program's ninth All-American in cross country and is the first to accomplish the triple feat since Amy Mortimer in 2002-03.

With Rovelto at the helm, K-State has proven to be a place where the best-of-the-best compete to raise the bar in the track and field world. The Wildcats continue to produce some of the nation's top collegiate athletes with the performances on the biggest stage to prove it.

BIG 12 CHAMPIONSHIPS

Kansas State made its presence known in the Big 12 Conference when the women's team won back-to-back outdoor championships in 2001 and 2002. Since then, the men's and women's teams have continued to produce teams that garnish individual titles and compete for team championships.

The men's team has only gone one season without winning at least one individual Big 12 title in outdoor and only in the league's first year did the men go without an indoor conference champion. The women also have won at least one individual event every year but one at the Big 12 Indoor Championship and missed out on outdoors just three times in the league's 13-year history

The Wildcats have become the dominant team in the Big 12 when it comes to women's weight and hammer throw. High jump and the combined events are also K-State's specialty among conference foes. K-State has won a total of 12 women's weight and hammer throw titles at the Big 12 Championships and have had two women win three consecutive weight throw crowns. A total of 10 high jump championships have gone to the Purple and White, and five combined event titles are claimed by K-State as well.

In 2010, the Wildcats saw a freshman control the women's 800 meters from start to finish as Sara Stoakes ran her way to the title. Stoakes helped re-establish K-State's reputation in mid-distance events with her victory. The Wildcat women now own a combined six Big 12 titles in the 800M and 1,500M.

The women's team joins the ranks of Big 12 powers Texas, Texas A&M and Nebraska as the only teams to win outdoor conference titles. At the outdoor conference championship, the women's team boasts an average finish of fourth. At the indoor championship, the women finished fourth or better each of the first eight years in the Big 12.

K-State also holds seven Big 12 Champinoship meet records to go with Cliff Rovelto's two Women's Coach of the Year awards.

AHEARN FIELD HOUSE

The Wildcats utilize historic Ahearn Field House during the indoor track season. The track, named for legendary coach Ward Haylett, has hosted three conference championships including the 1999 Big 12 Indoor Championships. In a typical year, K-State hosts five indoor events including the Carol Robinson Pentathlon in December.

Ahearn Field House was the product of a 10-year drive by several people, most notably athletic director Mike Ahearn and head men's basketball coach Jack Gardner. The $2 million structure opened on Dec. 9, 1950, when the Wildcats defeated Utah State, 66-56. Today, many of the K-State varsity athletic offices, including the track and field offices, are housed in the complex.

The venue is also one of America's showplace indoor facilities. It houses the natatorium, indoor track and the K-State volleyball team. The Ward Haylett Track in Ahearn makes it one of the top indoor facilities in the Midwest. It has also been a recent home of the National Junior College Athletic Association Championships, including the 2004 and 2006 meets.

In the summer of 2008, Ahearn Field House received $800,000 in improvements including lighting, track resurfacing and sports medicine upgrades keeping its place among the top indoor facilities.

R.V. CHRISTIAN TRACK COMPLEX

The R.V. Christian Track Complex was recently updated and is regarded as one of the best training facilities in the Midwest for track and field. The new $1.4 million complex includes an eight-lane Rekortan surface and a 110-meter incline/decline sprint lane. The newest addition to the complex is the men's and women's locker room and team room in the northeast corner of the stadium.

The 3,000 seats on the west side of the facilitiy is the only feature that remains from the construction of the original complex in 1973. A substantial contribution from the estate of Dr. R.V. Christian, a 1911 graduate of the College of Veterinary Medicine, made the first facility possible.

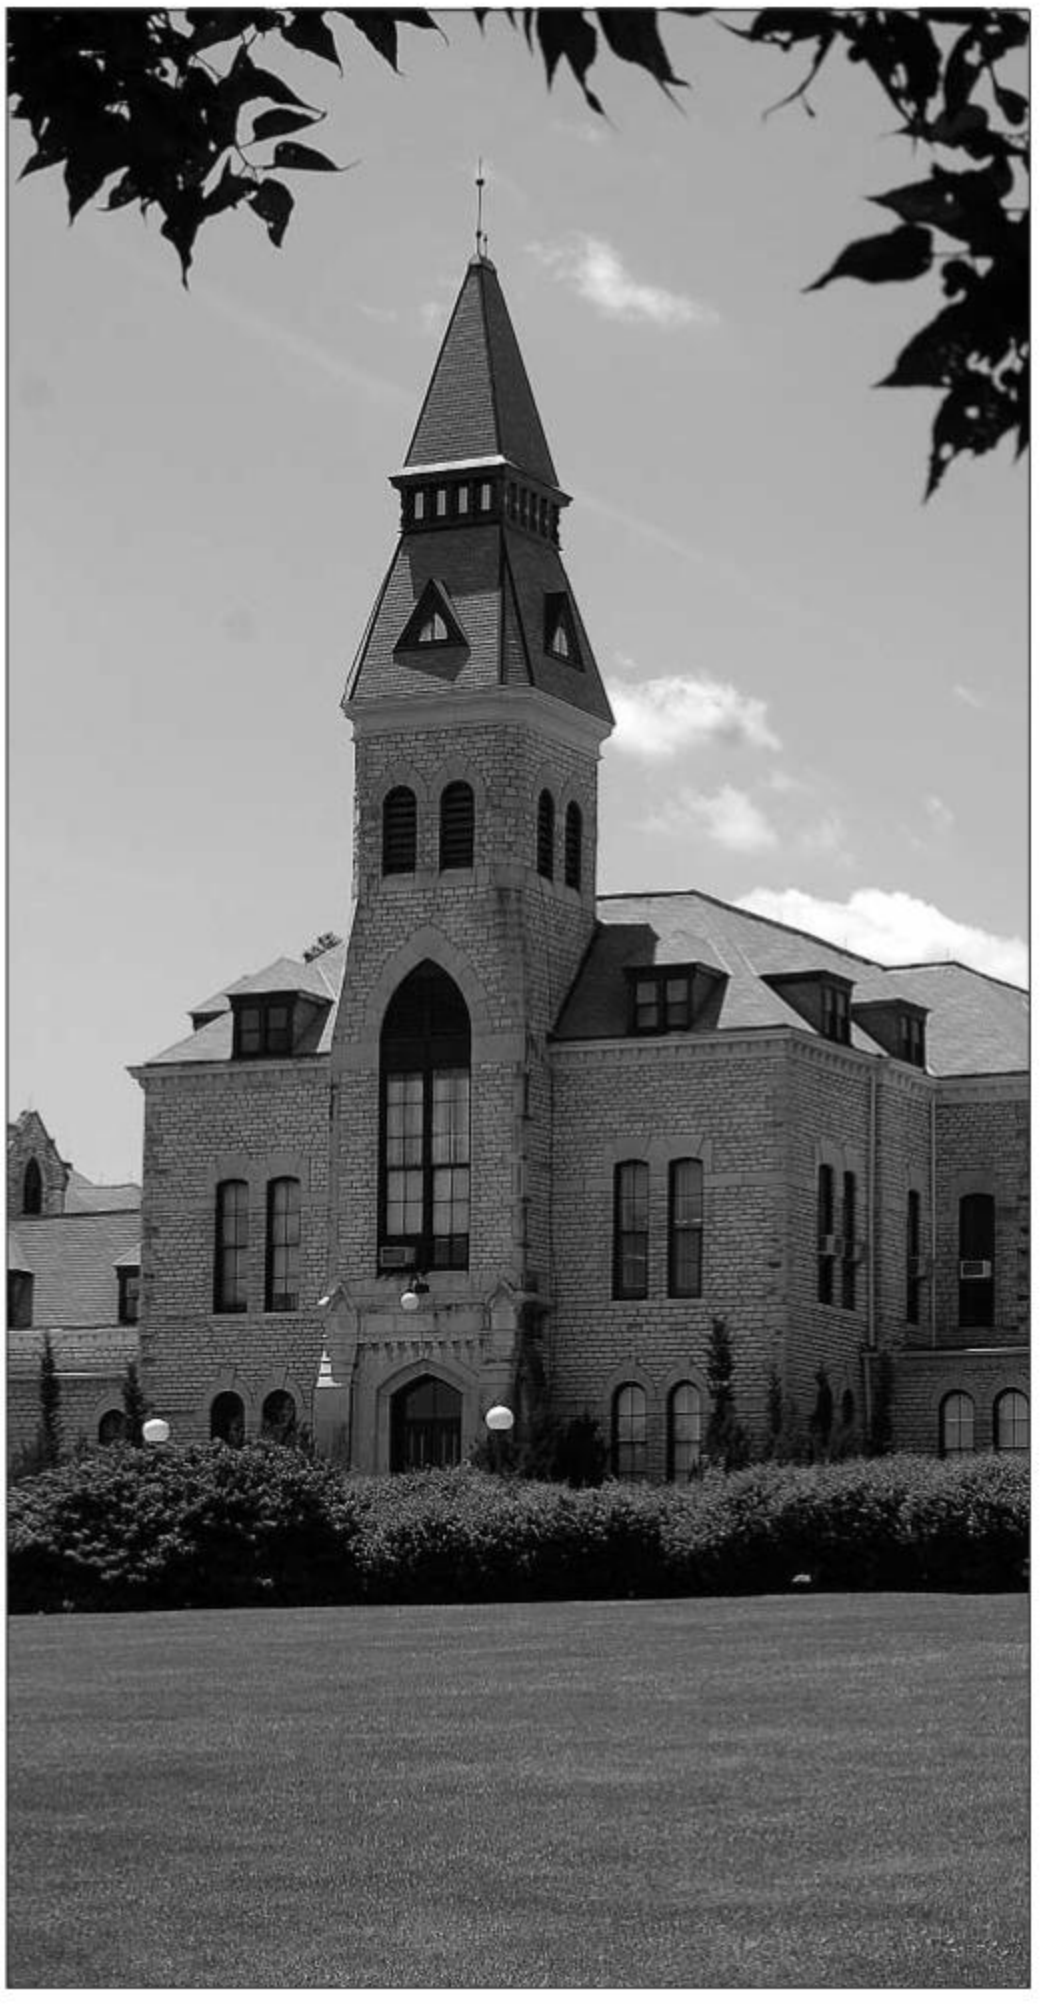
R.V. Christian Track Complex was put to the test in 2005, as it was the site of the Big 12 Outdoor Track & Field Championships. It was the first Big 12 Conference meet in Manhattan since 1999 and first outdoor conference championship since the Big Eight Championships in 1985. Over the course of the three-day meet, 14 facility records were broken. The track also hosted the Nike Combined Events Challenge, now named the Thorpe Cup, in August of 2006 and 2008.

Facility records are sure to fall again in 2012 when K-State is scheduled to host the Big 12 Outdoor Track and Field Championsihp again. The three-day event will bring the nation's top talent to the facility, which will also utilize the football and baseball indoor practice facilities for warm-ups and media purposes.

K-STATE CAMPUS

It's a **great time** to be a **K-Stater!**

One of the nation's elite universities, **Kansas State** provides its **23,000** students with a **world-class education**. The nation's **No. 1 public school** in **Rhodes**, **Marshall**, **Truman**, **Goldwater**, and **Udall scholars** in the last 20 years, the university offers more than **250 majors** in nine colleges.



In 2009, K-State welcomed a new president and a new athletic director, who will build on the successes of the past and create a bright new future. **Kirk Schulz** accepted the K-State presidency because he is impressed with all of the outstanding programs and successes of our faculty, staff and students and with the passion K-Staters have for their university. K-Staters connect with our new president via his blog; Twitter and Facebook. Check out his Web site at **www.K-State.edu/president**.

HISTORY AND LOCATION

Founded on Feb. 16, 1863, Kansas State University is the oldest public institution of higher education in Kansas and one of the first land-grant universities. It was located on the grounds of the old Bluemont Central College, which was chartered in 1858. The university moved to its present site in 1875.

Throughout its history, K-State's mission has been rooted in the principles set forth in the Morrill Act -- to provide teaching, research and service to the citizens of Kansas and beyond.

The 644-acre wooded main campus with historic limestone buildings is located in northern Manhattan (population of 50,000) and is convenient to both business and residential districts. It is located 125 miles west of Kansas City in the rolling Flint Hill of northeast Kansas. The university also has a campus in Salina, Kan., and another coming soon in Olathe, Kan., along with numerous extension fields, offices and other facilities in Kansas and Nebraska. The K-State Salina campus offers bachelor's and associate degrees in aviation and engineering technologies.

The university hosts the prestigious Landon Lectures on Public Issues, honoring the late Kansas statesman **Alfred M. Landon**. Since 1966 the series has featured more than 120 nationally prominent speakers. Past speakers including **Martin Luther King, Jr.**, Presidents **Richard Nixon**, **Jimmy Carter**, **Gerald Ford**, **Richard Nixon**, **Ronald Reagan**, **George H.W. Bush**, **George W. Bush** and most recently **Bill Clinton**.

One of the six universities governed by the Kansas Board of Regents, Kansas State University continues to fulfill its historical educational mission in teaching, research and public service.

K-STATE CAMPUS

ACADEMIC EXCELLENCE

K-State is the only research university in the United States to have three national CASE/Carnegie professors of the year. All three are active teachers: **Michael Wesch**, 2008 national winner; **Chris Sorensen**, 2007 national winner; and **Dean Zollman**, 1996 national winner.

More than 250 majors and programs are offered in nine colleges. The Graduate School offers 67 master's degrees, 39 doctoral degrees, five educational doctorate programs and 33 graduate certificates in multiple disciplines across campus. More than $185 million is available in financial assistance, including $11 million in scholarships. Seven out of 10 K-State students receive financial assistance.

Even with 23,000 students, the university is committed to individualized education whenever possible. For example, freshman English classes have no more than 22 students, introductory chemistry labs average 15 students, and speech classes are limited to 23 students. Seventy percent of classes have 30 students or less and the average class size for all undergraduate classes is 23 students. Ninety percent of classes have less than 49 students.

STUDENT ACHIEVEMENT

Academic achievement of the institution is drawing national acclaim as well. K-State students have won more Truman scholarships, more Goldwater scholarships and more Phi Kappa Phi Fellowships than any other public university in the nation. Over the past twenty-five years, K-State has ranked No. 1 in the nation among public universities in Rhodes, Truman, Marshall, Goldwater and Udall Scholars. The university has earned its reputation as the "Student Scholar Capital of America."

K-State students have an outstanding record of acceptance into professional schools. Over the past four years, 70% of qualified pre-med applicants were accepted into medical schools; 100% of pre-optometry and 82% of pre-dentistry students were accepted into respective professional schools. Over the past five years, 98 percent of students who participated in our pre-law program were accepted into law schools.

K-State has had the **highest** student athlete **graduation rate** in the **Big 12 Conference** four straight years as **81%** of K-State athletes earn their degree. In the 2009-10 academic year a total of five Wildcats earned **Academic All-American** status in their respective sports.

MANHATTAN - THE LITTLE APPLE

Manhattan is nestled in the northern end of the beautiful Flint Hills. The city was founded in the first days of Kansas settlement and currently has a population of 50,000 in the city and 100,000 in the immediate region. It is a modern, progressive city that is home to Kansas State University, the Fort Riley Military Reservation and several successful corportate citizens. It is located in north central Kansas, on Interstate 70, one hundred miles west of Kansas City, and 50 miles west of the state capitol in Topeka.

It was on Valentine's Day in 1857 that Manhattan officially became a city in the Midwest. And it was only because the Kansas River had been low two years earlier that the city was located where it is now.

It all began in the spring of 1855 when the Cincinnati Company left Ohio on the steamboat Hartford. They were headed for central Kansas via the Ohio, Mississippi, Missouri, and Kansas Rivers. Their goal: to settle a town and name it Manhattan, thinking it might become a second Manhattan, New York.

On the way up the Kansas River, three men stopped, went ashore, and hired a wagon. They drove to what is now Junction City, where they intended to start the Manhattan of the Midwest. But the Hartford ran aground in the Kansas River south of the confluence of the Blue and Kansas Rivers. The Cincinnati Company and all of the small groups of settlers already in the area joined forces to form a town, which they agreed to call Manhattan.

The first post office was established in 1856, and the city became incorporated February 14, 1857. Manhattan has grown steadily since then. Although Manhattan, Kansas, may not be another New York City in size, residents of Manhattan of the Midwest think you'll savor the savvy of "The Little Apple."

"The Little Apple" is home to more than 40,000 people today. Manhattan is nestled in among the picturesque Flint Hills, so named for their numerous bands of limestone and flint. These bands of flinty gravel convinced many an early settler that the land was not suitable for cultivation. A few resourceful pioneers, however, chose to stay and build their farmsteads in the sheltered valleys where water was available even in times of drought and where their cattle could graze on the grassy uplands. The Flint Hills region still remains largely untouched by the plow and is the last large preserve of native tallgrass prairie in the U.S.

Today, Manhattan residents take pride in the local history. The community is especially proud of its nickname, "The Little Apple," symbolic of a polished, wholesome Midwestern Manhattan, founded by pioneers who foresaw great things for this part of the U.S.

A student-athlete's life involves more than academics and athletics. Like most college students, student-athletes need to relax and have a good time, and Manhattan is the place to do just that. Manhattan reflects the joys and opportunities of big-city living while retaining a friendly, open atmosphere. Manhattan has many appealing places to shop, eat and socialize. An award-winning shopping mall is located in the heart of the downtown region, and Aggieville – a district of shops and restaurants just beyond the southern border of the campus – continues to be particularly popular with students. There are several beautiful parks and walkways throughout the city, while picturesque Tuttle Creek Reservoir sits just five miles from campus for seasonal swimming, water skiing and boating. Additionally, the 13,500-seat Bramlage Coliseum have become a favorite stop for major concerts throughout the year.

STRENGTH IN NUMBERS

A 2011 TRACK AND FIELD SEASON OUTLOOK

K-State welcomes back a strong core of returners on the men's side and a young but experienced group on the women's side of things as both squads look to move up in the Big 12 Conference in 2011 and make their presence felt on the national level again.

The men's team will be led by the trio of Moritz Cleve, Jeffrey Julmis and Erik Kynard. Cleve looks to return to form in his final season as a Wildcat after winning the Big 12 title and earning All-America honors as a sophomore two years ago in the heptathlon. Julmis has his eyes set on the school record in the 60-meter hurdles and another All-America certificate after breaking the outdoor 110-meter hurdles record last season. Kynard earned All-America status as a true freshman in the high jump helping to keep K-State's reputation as one of the top high jumping programs in the nation alive and well. After finishing second at the Big 12 Championship last season, Kynard hopes to bring the high jump title back to Manhattan.

This trio will not be alone as the main contributors for K-State's success in 2011, however. Martynas Jurgilas debuted at the Big 12 Indoor Championships last season for K-State and now has all season to run sprints for the Wildcats after setting the Lithuanian outdoor national record in the 100 meters last spring. Two more Lithuanians will be factors for the men's team with junior Mantas Silkauskas competing along side Cleve in the heptathlon. Silkauskas also could see competition in the sprints and hurdles. Sophomore Tomas Kirielius will be the third horse in K-State's stable of combined events specialists and after a year of training with coach Cliff Rovelto, Kirielius could make an impact in the heptathlon as well. Sophomore Isaac Mallory has improved from a year ago and could be a fourth impact player for K-State in the combined events.

On the women's side, the pair of TiAra Walpool and Nina Kokot have been consistent scorers at the Big 12 Championship throughout their careers. Last season, Kokot finished second while breaking the school record in the long jump. Walpool battled injury and looks to again score in the triple jump as she did last year.

The throwers have depth working to their advantage with Chelsie Bonds and Amanda Boor each scoring at last year's Big 12 Championship. Ali Pistora also has scored in her career at the Big 12 meet. The addition of Ammina AgBoga give K-State the opportunity to have three and possibly four Wildcats on the podium at this year's Big 12 meet in Lincoln, Neb. The men's throwers also have some strong depth with Jordan Bauer and transfer Tomaz Bogovic each with the potential to score at the conference championship.

SEASON OUTLOOK

After the success of the K-State's women's cross country team in the 2010 season, the coaching staff is hoping that can translate into success for the mid-distance and distance events during the indoor season as well. Sophomore Sara Stoakes claimed the Big 12 Outdoor 800M title as a freshman last spring and is back to improve on her 11-place finish at the indoor meet last year.

One of the big additions for the women's team is combined events athlete Ryann Krais. Krais transferred from UCLA to help the Wildcats in the pentathlon and heptathlon. She was an All-American at UCLA and has seen success on the international level as well.

Schedule

K-State opens with the annual Carol Robinson Winter Pentathlon followed by the KSU All-Comers in December before getting into the bulk of its schedule in mid-January. The Wildcats will kick that portion of the schedule off hosting back-to-back home meets with the KSU Invitational (1/15) and Wildcat Invitational.

After the home meets, the Wildcats will hit the road for one of the biggest meets in the nation this season. K-State will join forces with host Texas A&M, Texas Tech and Oklahoma to take on four teams from the SEC in the Big 12-SEC Challenge (1/28-29). The meet will be a team scored event with each confernce going head-to-head. The Big 12 and SEC have been considered the top two conferences in the nation for some time in the track and field community, and this will serve as a chance to re-establish their reputations.

Then, the Wildcats will head to Nebraska for the 36th Annual Sevigne Husker Invitational (2/4-5) where K-State has seen success in the past. The teams will split up for the for time of the season when a group competes at the Iowa State Classic and the Tyson Invitational (2/11-12).

After those road trips, K-State returns to familiar territory for its final home competition of the indoor season with the KSU Open at Ahearn Field House on February 18 before heading back to Lincoln, Neb., for the Big 12 Championship in the Bob Devaney Center. After a week off, the top Wildcats will head back to College Station, Texas, for the NCAA Championship.

The Wildcats will head to the West Coach to open the outdoor season for a meet hosted by San Diego State. The following week K-State travels to the ASU Invitational again on March 26. K-State returns to the Texas Relays this season (4/6-9) in Austin for three days of action while another group of Wildcats will compete at the Emporia State Relays that weekend. The Wildcats continue their tour of the Sunflower State at the K.T. Woodman Classic (4/16) hosted by Wichita State before traveling east to Lawrence for the annual Kansas Relays (4/20-23). After the Kansas Relays, K-State journeys north to the prestigious 102nd Drake Relays in Des Moines, Iowa (4/28-30). The meet is one of the largest and longest running in the nation and will feature some of the nation's top talent in the field. K-State will host its Ward Haylett Invitational outdoor meet on May 7 to close the regular season.

Oklahoma will host the Big 12 Outdoor Championship (5/113-15) in Norman. This season will be the second year for the new format in place for the NCAA Regionals with just two meets instead of the traditional four. The Wildcats will head west to Eugene, Ore., for the West Regional (5/26-28) before moving on to the NCAA Championship in Des Moines (6/8-11).

Sprints/Hurdles

Rovelto believes the men's team can be a factor more so than in years past this season in the sprints on the men's side with a strong core returning this year. Jeffrey Julmis broke the school record last year in the 110 meter hurdles and earn All-America honors finishing fifth at the NCAA Championship. He also finished fourth in the Big 12 and during indoor advanced to the NCAA Championship as well.

Julmis will not be the lone sprinter to run fast time for K-State as Martynas Jurgilas is running stronger than a year ago. The Lithuanian set his homeland's national record in the 100 meters last spring and ranks third in school history clocking 10.33 at the Big 12 Championship. Senior Jason Coniglio is improved and a group of younger Wildcats are hoping to contribute. Senior Ben Love also has improved in the longer sprint events and could score in the 600 yards for K-State.

For the women, Denise Baker has improved steadily in the hurdles throughout her career and scored at last year's Big 12 Championship meets.

Mid-Distance/Distance

Both the men's and women's teams continue to show their depth and quality in the mid-distance and distance events, and the coaching staff is anticipating more success in 2011. On the men's side, Jack Sachse leads the pack after finishing sixth indoor and fourth outdoor in the 800M at the Big 12 Championships. He will be joined by junior Jacob Davies, who finished eighth at both meets. Senior Sam James will be able to make an impact as well.

For the women, junior Boglarka Bozzay continues to get faster and looks to build off her Big 12 fourth-place finish in the 1,000 meters last year. Sophomore Sara Stoakes eyes a repeat in the outdoor 800M leading last years race from start to finish at the Big 12 meet. Martina Tresch set the school record in the steeplechase and finished 13th at the NCAA Championship. Senior Sydney Messick provides strength in the longer events and is fresh off an All-Region performance in cross country.

Jumps

K-State has been one of the top high jump programs in the nation for some time under the guidance of Rovelto, and that should continue in 2011. Sophomore Erik Kynard earned All-America honors in both indoor and outdoor last season and is anticipated to improve on his marks from a year ago. Senior Michael Healey is back for his final season and has scored at the Big 12 meet. Rovelto believes freshman Brooke Sharp has the potential to score in the women's high jump as well.

TiAra Walpool highlights the jumpers on the sand qualifying for the NCAA Championship again in the triple jump. Walpool finished sixth at Big 12 indoors and redshirted during outdoor. Nina Kokot also can make an impact in the long jump. Last season, she set the school record and finished second at the Big 12 Indoor Championship and has competed at the NCAA meets as well in her career.

Pole vault could be an area the Wildcats see more points this year as well with Meriel Harwood leading the way for the women. A group of men has potential for the men as well with Dezso Szabo scoring a year ago. He is joined by sophomore David Taylor, freshman Kyle Wait, Will Pendleton and transfer Landon Rosevear.

Throws

K-State's has maintained strength in the throwing events for some time now, and this year will be similar. The Wildcats have six women capable of scoring at the Big 12 meet. Chelsie Bonds, Amanda Boor and Ali Pistora all have scored in their careers, and the the return of Jecquelyne Leffler, along with the additions of transfers Ammina AgBoga and Jessica Carters add to the quality and depth of the women.

The men also welcome a transfer with success in the past with Tomaz Bogovic coming from Arizona. Freshman Jordan Bauer is expected to make an impact as well in the weight throw and hammer throw. Freshman Ryan Hershberger should be strong in the shot put, and a group of Wildcats can again stand on the Big 12 podium in the javelin led by Cory Boulanger.

Combined Events

With the success the Wildcats have had in the multi-events, it could be argued Rovelto has K-State into Multi U in addition to High Jump U. Rovelto has a total of 10 combined events conference champions on his resume and two NCAA titles in addition to 12 All-Americans.

This season, K-State could add more to that impressive list with Moritz Cleve and Mantas Silkauskas having experience at the NCAA Championships. Cleve is a two-time All-American and claimed the indoor-outdoor sweep at the Big 12 Championships in 2009. Silkauskas has finished near the top at the conference meet in his career and participated in his first NCAA Championship last season.

In addition to Krais for the women, Rovelto anticipates freshman Julia Zeiner and Erica Twiss to add some more strong and young depth in pentathlon and heptathlon along with sophomores Lauren Garrott and Cenarda Jackson.

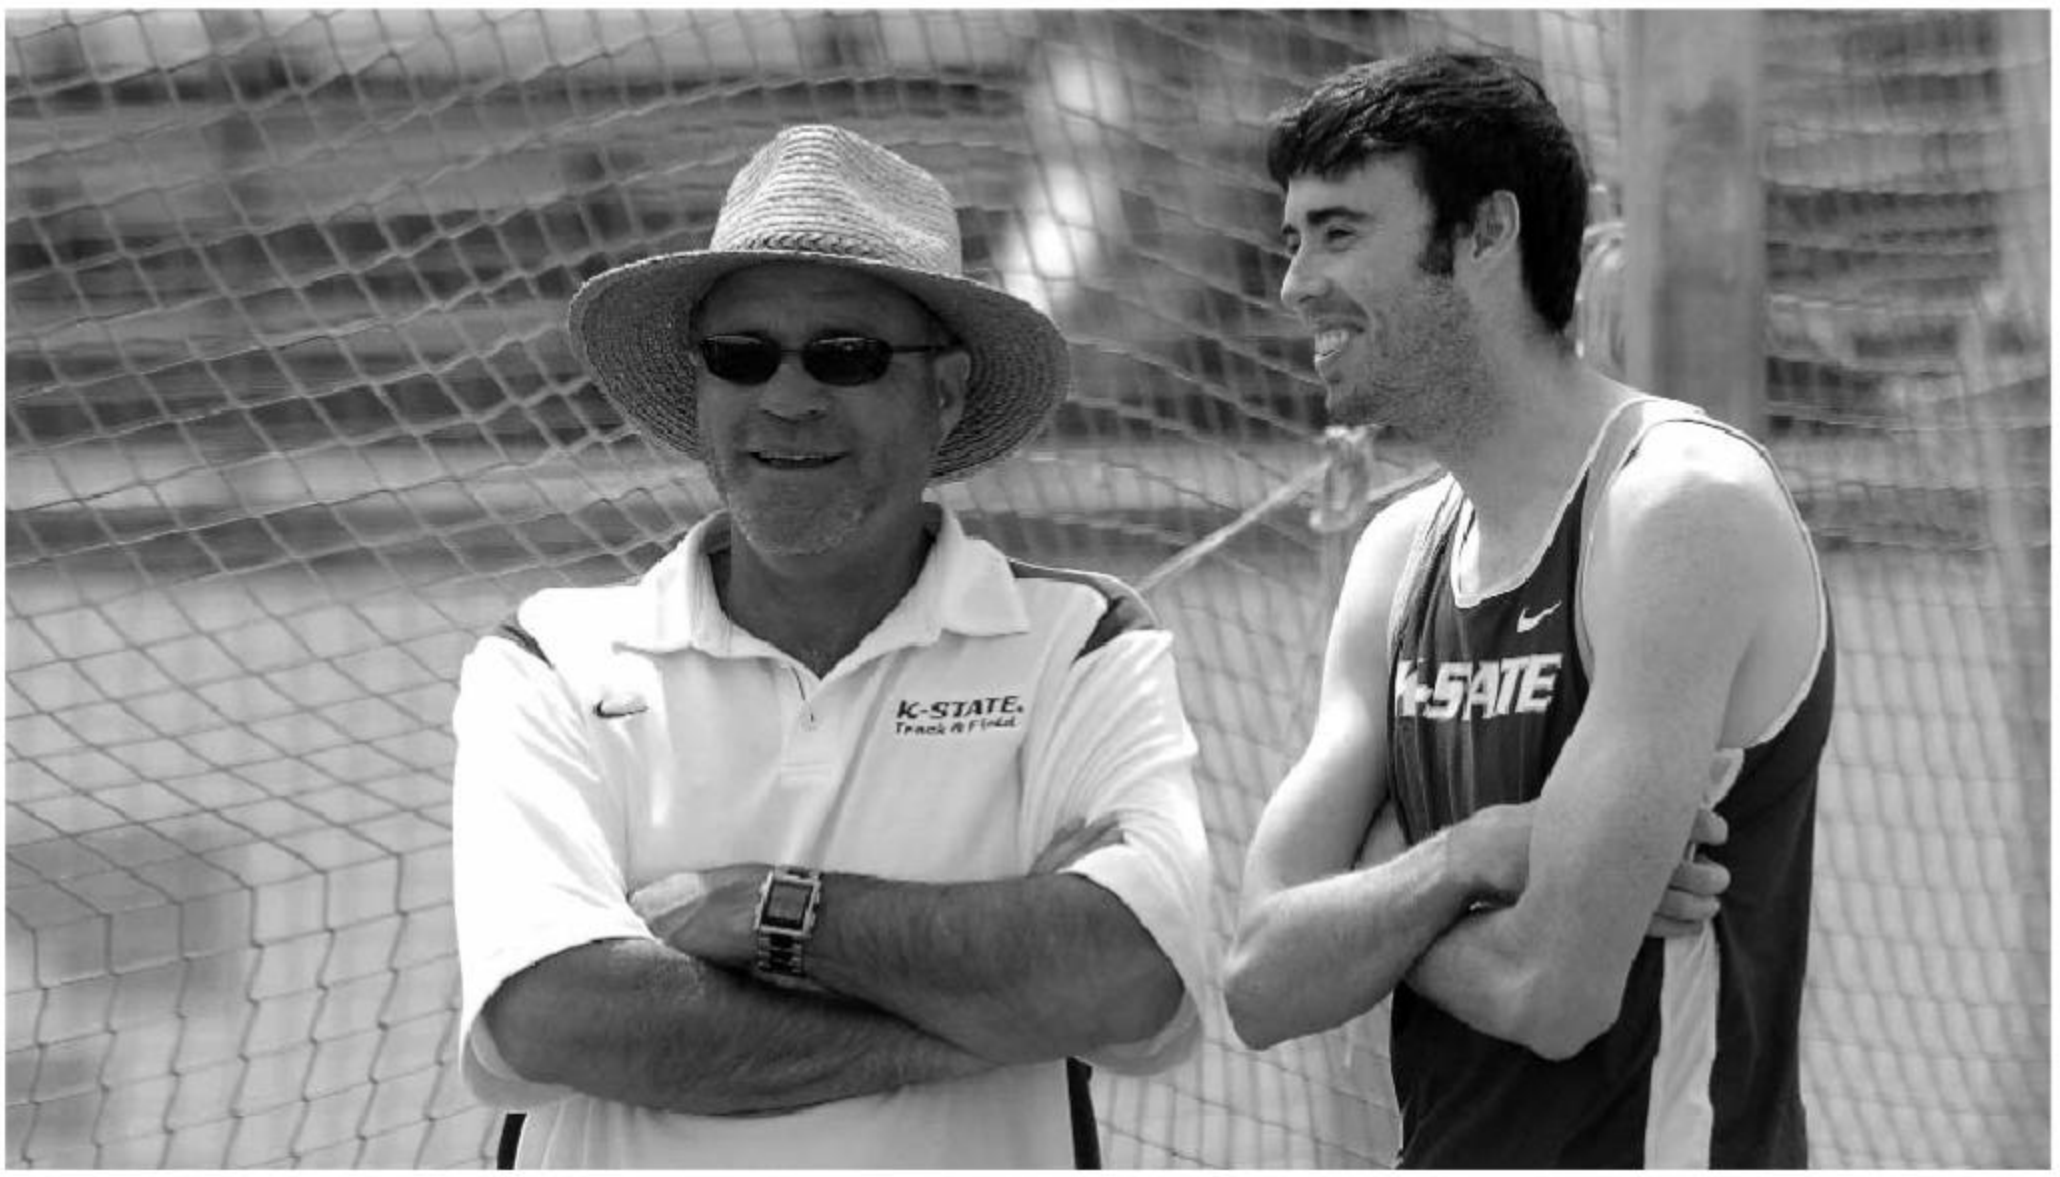
KANSAS STATE
COACHING & SUPPORT STAFF

CLIFF ROVELTO - 23RD SEASON - KANSAS STATE HEAD COACH



Under the direction of Cliff Rovelto, the Kansas State track and field program has established itself as a force in America's heartland and regularly challenges some of the more established collegiate programs in the nation.

In 2010-11, Rovelto begins his 19th season as the head coach at Kansas State and his 23rd at the school overall.

The steady progression of the K-State program culminated in 2001 with Rovelto being honored by his peers as the women's outdoor National Coach of the Year by the U.S. Track Coaches Association.

During his tenure, he has led Kansas State to back-to-back Big 12 Conference women's outdoor team championships in 2001 and 2002, has earned consecutive Midwest Region Coach of the Year honors, giving him five such honors in his 18 seasons as the Wildcats' head coach. Prior to the start of the 2005 season, Rovelto earned the United States Women's Track and Field College Coaches Award for Service at the USA Track and Field Convention. Rovelto was nominated by his peers and selected by the officers of USA Track and Field.

K-State earned its best finish ever at the 2002 NCAA Outdoor Championships, placing fifth. Kansas State's pair of Big 12 Conference women's outdoor team championships was the second and third team titles won by any Wildcat athletic team since the inception of the Big 12 Conference in 1996. The other was a women's cross country team title in 1998.

In 1999-2000, the Kansas State women had one of the best combined seasons in all of collegiate track and cross country. The cross country team placed a school-best fifth at the NCAA Championship, while the indoor team was seventh nationally and the outdoor squad was 11th in the team standings at the NCAA Championships.

Since becoming the head coach in November of 1992, the men's and women's cross country, indoor and outdoor track and field programs have earned 161 All-American certificates and 111 individual conference championships. Over his 22 seasons at K-State, Rovelto has personally directed 46 individuals to 105 NCAA All-America certificates, as well as 49 individuals to 70 conference event championships.

The success Rovelto has cultivated at Kansas State has propelled him onto the inter-

23RD SEASON - KANSAS STATE HEAD COACH - CLIFF ROVELTO

national coaching stage with the United States Track and Field Association.

An internationally recognized authority in combined events who helped write and teach the curriculum for the U.S. combined events coaching education program, Rovelto is a Level II combined event instructor, and is one of two coaches in the U.S. to coach multiple combined event athletes to over 8,000 points in the decathlon and 6,000 points in the heptathlon.

Most recently, in 2010 Rovelto was on the coaching staff for the Americas Team in the Continental Cup help in Split, Croatia. He also has been selected to serve as the men's head coach for Team USA at the 2011 Pan Am Games in Mexico. In 2005, Rovelto's international assignment was as an assistant for the Team USA at the 2005 World Track & Field Championships. He served as the women's jumps and combined events coach at the games in Helsinki, Finland. He most recently served as the men's jumps and decathlon coach in Osaka, Japan.

He has also served as head coach of the U.S. Decathlon Team in dual meets with Germany in 1997 and 2003. He also was named to the U.S. coaching staff for the 2002 World Cup and the 2003 World Outdoor Championships in Paris.

Under Rovelto's tutelage, combined-events athletes have earned 14 All-America certificates and won 13 conference titles. He has coached several internationally known multi-event athletes, including current Wildcat assistant coach Steve Fritz, who was fourth in the decathlon at the 1996 Olympic Games in Atlanta, and volunteer assistant Tom Pappas, the bronze medalist at the 2004 World Indoor. Rovelto also directed former Wildcat assistant Austra Skujyte, who claimed the 2001 and 2002 NCAA heptathlon championships and set a collegiate record in the pentathlon while at K-State.

Skujyte is a three-time Olympic representative (2000, 2004 and 2008) for her native Lithuania. Skujyte notched her highest finish in international competition with a silver medal performance in the heptathlon at the 2004 Athens Olympics. In the spring of 2005, Skujyte set the IAAF world record in the first female decathlon competition on North American soil with a point total of 8,366.

Rovelto has also coached some of the nation's top jumpers and helped establish K-State as one of the elite high jumping schools in the nation with five NCAA Champions in his tenure as head coach. While at Kansas State, he has coached 43 All-Americans and 24 conference champion high jumpers, while leading 19 All-Americans and 17 conference champs in the long and triple jump. In the pole vault, he has coached a two-time NCAA runner-up and a two-time NCAA third-place finisher.

He has been involved in the U.S. high jump development program for both junior and senior competitors and is a Level III jumps instructor.

A successful coach of sprint and hurdles athletes as well, Rovelto has directed 10 individual All-America sprinters and hurdlers while at Kansas State, including 1995 NCAA 400-meter champion Nicole Green and two-time World Championship participant Jared MacLeod. In addition to combined events, sprints and hurdles, Rovelto has coached NCAA All-Americans in the shot put, javelin and discus. Most recently, Jeffrey Julmis earned All-America honors in the 110 meter hurdles during the 2010 outdoor season setting the school record.

A native of Ancon, Panama, Rovelto spent seven years coaching at his alma mater, the University of Kansas. He was a graduate assistant on the men's team from 1981 to 1983 before becoming a full-time women's assistant and cross country coach in 1983.

He became the interim head coach for women at Kansas in 1987. While with the Jayhawks, he coached eight All-Americans and seven Big Eight champions in five different events. His women's team broke 24 school records during his tenure. Rovelto began his full-time coaching career at McLouth (Kan.) High School in 1979. While there, he coached one high school All-American, six state champions and five state record-holders.

MICHAEL SMITH - 17TH SEASON ASSISTANT COACH - DISTANCE/HEAD CROSS COUNTRY

COACHING EXPERIENCE

2004-present	Cross Country Coach, Kansas State
1994-present	Assistant Coach, Kansas State
1992-93	Head Boys Track & Field Coach, Skyline (Calif.) HS
1991-93	Asst. Track & Cross Country Coach, Skyline (Calif.) HS
1990-91	Assistant Track & Field Coach, William Penn Charter (Pa.) HS

Michael Smith is entering his 17th year as a member of the coaching staff at K-State and sixth year at the helm of the men's and women's cross country teams. Since arriving in Manhattan in 1994, Smith has played an integral role in the success of the K-State cross country and track & field teams in the Big 12 Conference and at the NCAA Championships. During his tenure, he has helped establish the women's cross country team as a force on the national level. The Wildcats have won three women's championships in the Big 12 Conference, earned their highest ever women's NCAA team finish in cross country (5th).

Most recently, the women's cross country team returned to the NCAA Championship with an at-large bid in 2010 finishing 25th, ahead of a number of teams ranked higher going into the race. In 2009, Smith guided Beverly Ramos to one of the best women's individual seasons in recent memory as Ramos received All-America honors. Ramos tallied two wins and also placed sixth at the Pre-NCAA Invitational, Big 12 Championship and NCAA Midwest Regional. Her finish at 33rd at the NCAA Championship made her the school's ninth All-American in cross country. Ramos helped guide the teamto another sixth-place finish at the 2008 Big 12 Championship and ninth at the Midwest Regional.

As the assistant cross country coach at K-State from 1994-2004, Smith was instrumental in the success enjoyed by the women's and men's cross country teams. During that time period the K-State women won the 1998 Big 12 title in Lincoln, captured three consecutive Midwest Regional titles (1998, 1999, 2000) and garnered NCAA finishes of 13th, 5th and 10th (1998-2000). The Big 12 women's victory in 1998 was the only Big 12 cross country team title not won by the University of Colorado until Texas Tech's win in 2008.

Smith took over the reins of the cross country programs in 2004 and guided Mathew Chesang to one of K-State's most outstanding individual cross country seasons in recent memory. Chesang finished third at the Big 12 championships, second at the Midwest Regional Championships and capped off his senior season with an All-American performance at the NCAA championships. Chesang's 12th-place finish was the highest NCAA placing for a Wildcat male since Jerome Howe's 10th place finish in 1971, and the first Wildcat men's cross country All-American since 1992.

Under Smith's leadership on the track, the Wildcat mid-distance/distance group has launched a steady advance into the top 10 all-time performances on the K-State honor rolls. In so doing, Smith's athletes have won 14 conference championships, set 24 school records, earned 16 All-American certificates and set four Big 12 meet records. The 2010 season was highlighted by Beverly Ramos' triple All-American performance earning the honor in cross country, indoor and out track. During the 2006 season Christian Smith won the indoor NCAA mile title, set the collegiate record in the 1000M run (2:19.57) and captured his third consecutive Big 12 title in the 1000M run. During the outdoor campaign Smith won his first Big 12 outdoor title in the 800M run and earned his first NCAA outdoor All-American certificate. Smith's season continued into the summer where he finished fifth at the USATF Championships in the 1500M run and then went to Europe where he ran 1:44.86 for 800 meters and 3:38.10 for 1500 meters, erasing two Wildcat legends from the record books in Ken Swenson and Jerome Howe.

In addition to coaching the current group of K-State middle and long distance runners, Smith has tutored a number of Wildcats in their post-collegiate careers including 2005 K-State alumna Lysaira Roman Del Valle, the 2006 bronze medalist at the Ibero-American Championships in the 800M and 2006 Central American Games bronze medalist at 1500M. Smith also coached 2003 alumnus Roberto Carvajal, the 2003 Mexican national champion in the 110-meter high hurdles and 2004 Mexican national champion in the 400-meter intermediate hurdles while he trained as a post-collegian at K-State. Beverly Ramos won three medals at the 2010 Central American and Caribbean Games setting meet records in the 5,000 meters and steeplechase. Smith was named to the coaching staff for Puerto Rico for the CAC as well.

The highlight of Smith's post-collegiate coaching career came in 2008 when Christian Smith qualified for the Beijing Olympic Games. Smith finished third in a dramatic diving photo-finish at the Olympic Trials to become K-State's newest Olympian.

In addition to his coaching duties, Smith currently serves as an instructor for the USATF Level II coaching education program in the endurance events and has been a clinician at numerous track and field and cross country clinics. Prior to arriving in Manhattan in 1994, Smith spent two years at Skyline High School in California and one season at the William Penn Charter High School in Philadelphia (Pa.).

A native of Ridgefield, Connecticut, Smith graduated from Bucknell University (1988) with a bachelor's degree in animal behavior. He went on to earn an M.A. in geography from the State University of New York at Albany (1989), and an M.S. degree in Kinesiology from Kansas State (1996). Smith is married to Jill Wise Smith. The couple has three children Sydney, Aidan, and Jackson.

STEVE FRITZ - 19TH SEASON - ASSISTANT COACH - THROWS

COACHING EXPERIENCE

1992-present	Assistant Coach, Kansas State

Steve Fritz is a coach who can give Kansas State student-athletes a first-hand look at the experience of competing in track and field at the international level. Fritz, who is in his 19th season on the Wildcat staff, finished fourth for the U.S. in the decathlon in the 1996 Atlanta Olympic Games. He scored a career-best 8,644 points, and was just 20 points behind bronze medalist Tomas Dvorak. A member of the Kansas State Athletics Hall of Fame, Fritz was the U.S. national champion in the decathlon in 1997 and was fourth at the World Championships that same year. He also was a 10-time member of Team USA as an athlete.

As a coach, Fritz has directed 50 different student-athletes who have scored a combined 1,116 conference points, with 12 athletes winning conference titles a total of 25 times. On the national level, Fritz has had 18 NCAA qualifiers, nine USA National qualifiers, 12 Junior National qualifiers, one World University Games qualifier and one World Junior qualifier. Seven athletes at K-State have set school records in eight separate events a total of 38 times under his coaching.

Fritz has had eight All-Americans earn a total of 23 All-American certificates and has had at least one athlete qualify for nationals every year but one he has been coaching Kansas State. Under Fritz's guidance, the Wildcat women won every Big 12 indoor weight throw title and outdoor hammer title from 1997-99 and again from 2007-09. In the javelin, Fritz helped lead K-State to a sweep of men's and women's Big Eight titles in 1993 and 1994. Wildcat women won javelin titles in 1996, 1997 and 2002, in addition to continued success in the weight throw from 2006-09 with Loren Groves winning three straight herself. During K-State dominance in the women's weight throw, the Wildcats have won three consecutive and four consecutive Big 12 women's titles in the event. Only Nebraska has won multiple women's weight throw titles.

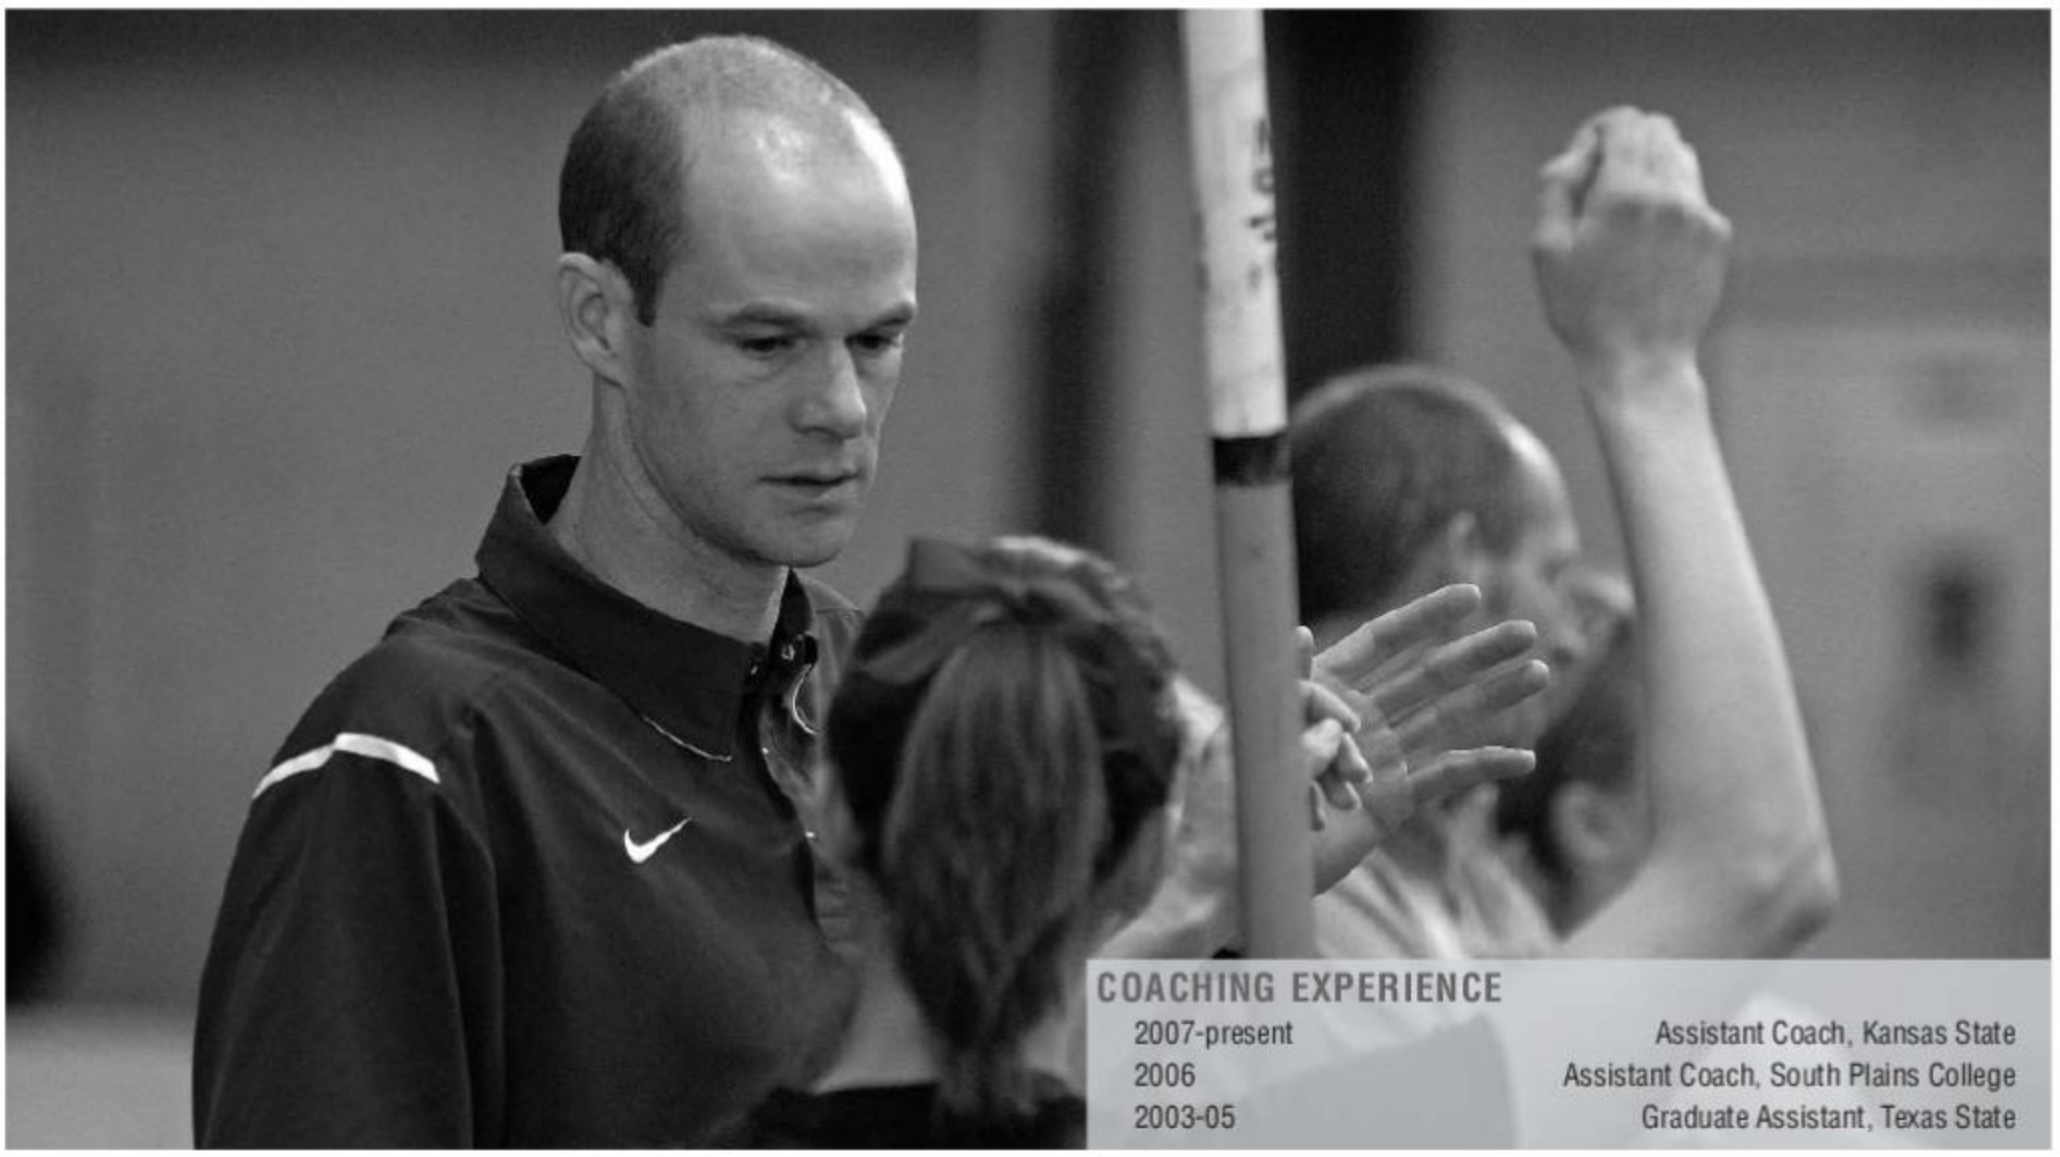
Fritz competed for Kansas State from 1989-90 and holds the Big Eight decathlon record with 7,924 points. He was a two-time NCAA All-American for the Wildcats in the decathlon, finishing sixth in 1989 (7,548 points) and fourth in 1990 (7,729 points).

He earned a bachelor's degree in business from K-State in 1993. While at Kansas State, Fritz also played basketball for two seasons. Fritz was a two-sport athlete in track and basketball at Hutchinson (Kan.) Community College. He won the decathlon at the 1988 National Junior College Athletic Association Nationals and hit the game-winning basket to give the Blue Dragons the 1988 NJCAA basketball title.

A native of Gypsum, Kan., Fritz is married to the former Suzie Wiemers. Suzie Fritz was named the head coach for volleyball at Kansas State in August 2001 and in 2003 led the Wildcats to their first Big 12 championship. The couple has two children: Thomas Jon (T.J.) and Jacob.

In addition to his coaching at K-State, Fritz has also served as an assistant coach for Team USA at the 2007 Thorpe Cup in Bernhausen, Germany, and most recently represented the Red, White & Blue at the 2009 IAAF World Championships in Berlin, Germany.

KYLE HIERHOLZER - 5TH SEASON - ASSISTANT COACH - SPRINTS/JUMPS/COMBINED



COACHING EXPERIENCE

2007-present	Assistant Coach, Kansas State
2006	Assistant Coach, South Plains College
2003-05	Graduate Assistant, Texas State

Kyle Hierholzer is in his fif year at Kansas State after joining the coaching staff during the summer of 2006 and continues his work with the sprint, jump and combined events disciplines.

In Hierholzer's first season with the Wildcats he assisted head coach Cliff Rovelto with the jumps and combined events student-athletes, including helping then-sophomore Adam Fretwell to a national qualification in the 2007 NCAA Outdoor Championships.

Heirholzer began coaching the pole vaulters in 2008 and guided Nancy Harrington to increase her personal best mark by more than seven inches. Senior Bryce Bergman qualified for the NCAA Midwest Regional along with Harrington for the Wildcats. Heirholzer also helped combined events specialist Moritz Cleve improve greatly in the pole vault helping contribute to his Big 12 Championship record score in the decathlon in 2009 and in winning the Big 12 heptathlon crown during indoor.

Hierholzer came to Manhattan after one season at South Plains College in Levelland, Texas, as the assistant track and field/cross country coach. While at South Plains, Hierholzer coached all jumps and combined events. He coached a 2006 U.S. Junior champion in the men's long jump and 2006 World Junior finalist Aaron Smith in the long jump with a mark of 26-04 to finish fifth. He also coached NJCAA National Champions in the men's long jump and pole vault and women's triple jump. He also coached nine NJCAA All-Americans.

Prior to his stint at South Plains College, Hierholzer was a graduate assistant at Texas State University from 2003-05 and earned a master's degree in political science with a minor in international business. While earning his advanced degree, Hierholzer assisted the Bobcats to four Southland Conference titles and supervised the vertical jumps and combined events. He coached four Southland Conference champions in the high jump and a school record holder in the men's indoor heptathlon. He also coached Caroline Wolf to NCAA All-American status with a high jump of 6-00.25 as she finished fifth at the NCAA Championship and set a Texas State school record.

During his time as a student-athlete for the Bobcats from 1998-2003, he earned bachelor's degrees in finance and marketing. On the track, Hierholzer competed in the decathlon and hurdles and helped the Bobcats to four straight Southland Conference titles. The native of Boone, Texas, also was selected as a team captain three times.

Hierholzer holds a Level II certification in jumps from the USATF and recently attented the Junior Elite Decathlon Camp at the U.S. Olympic Training Center in Chula Vista, Calif., to assist with coaching.

KASEY HILL - 1ST SEASON - ASSISTANT COACH - SPRINTS/JUMPS/COMBINED

COACHING EXPERIENCE

2010-Present	Assistant Coach, Kansas State
2009-10	Volunteer Assistant Coach, Kansas State
2008-09	Volunteer Assistant Coach, Harvard

Kasey Hill is in her first season as an assistant coach at Kansas State after serving in a volunteer basis the year prior. Hill came to Manhattan following a stint as a volunteer coach at Harvard for one year working with the combined events athletes.

Hill brings with her to the staff a strong resume of success in competition graduating from Boston College. She is a two-time All-American for the Golden Eagles competing in the pentathlon and heptathlon. Hill finished eighth in the pentathlon at the 2007 NCAA Indoor Championship. Hill claimed fourth in the heptathlon at the NCAA Outdoor Championship during her senior season as well. She was named team captain and also was recognized as one of Boston College's top student-athlete receiving the Eagle of the Year Award.

Hill is expected to work with the sprints, jumps and combined event student-athletes as well as handle various administrative tasks within the program.

While serving in her volunteer position at K-State, Hill also was training with head coach Cliff Rovelto in his post-collegiate program. Professionally, Hill has represented Team USA in a number of meets, including the 2010 Thorpe Cup where she finished sixth to help Team USA defeat Germany in a combined events competition. At the 2010 USATF Championships this summer she claimed fourth. She also participated in the 2008 USA Olympic Trials.

"I am very excited to be a part of the Kansas State coaching staff," Hill said. "Having spent the past year training under coach Rovelto, the track and field program here is something I've come to truly believe in. I'm looking forward to having the opportunity to contribute to the program."

Hill is a native of Montgomery, Vt., and earned her bachelor's of science degree in marketing and operations management from Boston College. She is a certified personal trainer serving in that capacity in Boston before coming to K-State.

BETTIE WADE - 1ST SEASON - ASSISTANT COACH - SPRINTS/JUMPS/COMBINED

COACHING EXPERIENCE

2010-present	Assistant Coach, Kansas State
2009-10	Volunteer Assistant Coach, Kansas State

Bettie Wade joins the Kansas State staff for her first season as a full-time assistant coach. After serving on a volunteer basis for the 2010 season, Wade was hired full-time this summer.

The 2009 graduate from Michigan had a successful collegiate career with the Wolverines as one of the nation's top combined events athletes. Wade was a six-time All-American at Michigan with her highest finish in the pentathlon coming in 2008 when she finished second at the NCAA Indoor Championship. In outdoor, Wade finished third twice in the heptathlon. She also is a five-time Big Ten Conference champion winning titles in the high jump, long jump, pentathlon and heptathlon.

Upon graduation, Wade represented Team USA at the 2009 IAAF World Championships in Berlin, Germany. She also won the bi-annual Thorpe Cup this summer in Germany where she and fellow assistant coach Kasey Hill helped Team USA defeat Germany in the combined events team competition.

"I'm extremely excited to be on this staff," Wade said. "Coming from Michigan I'm used to a strong academic and athletic tradition and K-State is the same. They're extremely concentrated on helping the athletes have success in the classroom and on the track.

Wade earned her bachelor's of science degree in financial mathematics from the University of Michigan. She is a native of Farmington Hills, Mi. She came to K-State prior to the 2010 season to train in Cliff Rovelto's post-collegiate program and serve as a volunteer assistant with the K-State staff before being added to the full-time coaching staff in the summer of 2010.

DR. KIRK SCHULZ

UNIVERSITY PRESIDENT
VIRGINIA TECH '86 & '91
SECOND YEAR

Chosen in February 2009 by the Kansas Board of Regents as the 13th president of Kansas State University, Kirk H. Schulz immediately set to work getting to know people and programs around the university.

An avid communicator, he began writing letters to the campus community soon after he was selected as president. He also blogs, tweets and makes himself available to news media on a regular basis. He has been meeting with faculty, staff and students on a regular basis as well. This fall, he plans to bring the campus community together to develop a vision of what K-State will look like in 2025.

Schulz is a Fellow of the American Association for the Advancement of Science. Before coming to K-State, he served as vice president for research and economic development at Mississippi State University.

Schulz began his career in 1991 as an assistant professor of chemical engineering at the University of North Dakota, Grand Forks. He moved in 1995 to Michigan Tech as an assistant professor of chemical engineering. He was promoted to associate professor in 1998 and was named chair of the department of chemical engineering at Michigan Tech the same year.

In 2001, he moved to Mississippi State University to become director of the Dave C. Swalm School of Chemical Engineering and holder of the Earnest W. Deavenport Jr. endowed chair. In 2005, he was selected as dean of the James Worth Bagley College of Engineering and the inaugural holder of the Earnest W. and Mary Ann Deavenport Jr. endowed chair. In 2007, he was named interim vice president for research and economic development and was named to the permanent position later that year.

Schulz was born in Portsmouth, Va., in 1963 and grew up in Norfolk,Va., where he attended Norfolk Christian High School. He attended Old Dominion University for three years and transferred to Virginia Tech in 1984. He graduated with B.S. and Ph.D. degrees in chemical engineering in 1986 and 1991, respectively. He completed his doctoral work in metal oxide surface chemistry under the direction of Dr. David Cox.

He is a member of ABET, the recognized accreditor for college and university programs in applied science, computing, engineering and technology. He is also a member of its Engineering Accreditation Commission. Schulz is an active member of the American Institute of Chemical Engineers, and also the American Society for Engineering Education. In recognition of his work in chemical engineering, he was named a Fellow of the American Association for the Advancement of Science in 2007 and a Fellow of the American Society for Engineering Education in 2008.

Schulz is married to Dr. Noel Nunnally Schulz, Paslay professor of electrical and computer engineering at K-State. They have two sons, Tim, a freshman at Mississippi State University, and Andrew, a freshman at Manhattan High School. Kirk Schulz's parents are Carl and Judy Schulz, Norfolk, Va.

CURRIE'S VISION FOR A MODEL INTERCOLLEGIATE ATHLETICS PROGRAM

- Provide a world-class student-athlete experience
- Value to our University, community and state
- Integrety and transparency in relation to matters of ethics, NCAA compliance and finance
- Championship-level athletic performances
- The best fan experience in the Big 12

There is no question John Currie has hit the ground running in his first 18 months as Kansas State's Director of Athletics. Even as he was being introduced as K-State's 15th Athletics Director on May 18, 2009, Currie was already implementing a new communications plan to restore the trust of all Wildcat fans and consistently emphasizing the importance of transparency and accountability as the foundation for K-State achieving its vision of a model intercollegiate athletics program.

Over his first 12 months that plan included over 200 speaking appearances throughout the state and with K-State groups across the nation. Regular online letters and chats, K-State's first-ever Fan Forum conference call, which saw more than 3,000 fans participate, and more than 100 media interviews and talk show appearances further helped Currie connect with the Wildcat faithful.

Currie arrived in Manhattan on June 8, 2009, to officially begin his duties. Just a month later Currie and his staff launched the "K-State Pledge," a series of financial accountability measures and core values serving as the base of K-State's vision of having a model intercollegiate athletics program. Among those values are five goals: a world-class student-athlete experience; value to the University, city and state; integrity and transparency in matters of ethics, finance and NCAA compliance; championship-level athletic performances; and the best fan experience in the Big 12.

In an effort to create the best fan experience possible, Currie's staff created new ticket initiatives for football that led to the largest home-opening crowd in Bill Snyder Family Stadium history on September 5, 2009 (50,750). The Wildcats also set new season total and average attendance records in baseball in 2010, sold a record number of season tickets for volleyball and had the largest average attendance increase in the nation this past season in men's basketball. The 2010 football season then saw four sellout crowds fill Bill Snyder Family Stadium, the most since 1999, and K-State fans would help the Wildcats set a new total attendance record for a six-game home schedule.

Providing K-State student-athletes a world-class experience is also a priority as Currie's staff initiated new events such as the Powercat Choice Awards to showcase K-State's student-athletes and a special graduation reception and ring ceremony to honor their dedication and hard work on the field and in the classroom. Kansas State's student-athletes currently lead the Big 12 in all-sports graduation rate, including the highest football, men's golf, women's golf, men's track and field and baseball rates in the conference. In fact, K-State has claimed the No. 1 graduation rate among all student-athletes in each of the last four seasons.

To help encourage support for the student-athlete experience and championship pursuits, K-State's fundraising efforts were completely overhauled with a new emphasis on personal interaction and communication for Ahearn Fund donors of all levels. K-State supporters responded by increasing total annual fund cash gifts in Currie's first year by over 50% versus the previous year to an all-time high of $14.47 million. Revenue growth, along with new measures promoting efficiency and cost containment, also enabled Currie and his staff to restore fiscal integrity to the department and achieve a balanced budget.

Currie worked to establish relationships and communication across campus through steps such as personally visiting with K-State deans in their respective offices. He serves as a member of President Kirk Schulz's cabinet and has made presentations and held question and answer sessions with many campus organizations. Student leaders have already recognized Currie's commitment to campus by inducting him into the Order of Omega honor society.

Understanding the importance of coaching continuity in building successful programs; after arriving in Manhattan, Currie immediately signed 2009 Big 12 Baseball Coach of the Year Brad Hill to a contract extension, completed a five-year contract for legendary returning football coach Bill Snyder and inked head women's basketball coach Deb Patterson and track and field coach Cliff Rovelto to contract extensions. On March 6, 2010, Currie honored the dramatic academic and athletic progress of the men's basketball program by announcing a new five-year contract for 2010 Big 12 Men's Basketball Coach of the Year Frank Martin.

Currently a member of the NCAA Division I Administrative Cabinet, Currie also serves the Big 12 as a member of the Game Management/Officiating Sub-committee. President Schulz and Currie's involvement to help secure the future of the Big 12 Conference and Kansas State's position as a long-term league member was pivotal not only for Wildcat student-athletes and their college experience but also for the history of the University.

Currie began his duties at K-State after 10 years at the University of Tennessee, most recently serving as Executive Associate Athletics Director under Athletic Director Mike Hamilton. Currie was responsible for the direct management of units that annually produced $84 million in revenue and gifts, including the department's fundraising, marketing, ticketing, media relations, public relations, internet and broadcasting offices. Currie also provided oversight for the men's basketball program and helped direct numerous coaching and senior administrative searches.

He began his career at Wake Forest in 1993 as a Deacon Club intern before being named Assistant Director in 1994, a position he held until 1997. Currie earned his master's in sports management from Tennessee in 2003 and is a 1993 Wake Forest graduate. He and his wife Mary Lawrence have three children, Jack, Virginia and Mary-Dell.

2010 Kansas State Cross Country

RETURN TO FORM

A 2010 CROSS COUNTRY SEASON RECAP

Women Return to NCAA Championship

The Kansas State women's cross country team had its most successful season in a decade in 2010 advancing to the NCAA Championship for the first time since 2000. The Wildcats finished fifth at the Midwest Regional and received an at-large berth to the championship meet.

The Wildcats finished 25th at the NCAA Championship placing higher than some of the nation's top teams. Sophomore Martina Tresch led the way for the Wildcats finishing 52nd with her time of 21:09. Senior Sydney Messick was close behind in 57th place and a time of 21:12. Head coach Michael Smith said it was an exciting year for his Wildcats and he is looking forward to the future for the young team.

"We beat teams that are built like the New York Yankees with NCAA champions and high school All-Americans," Smith said. "We knew we were better than 31st but how much better was the question. All year, I felt like we were an NCAA caliber team and belonged here, but really had no idea how we compared to some of the teams we had not raced against. Our 25th-place finish feels pretty good. The future is bright for these women. I am proud of all of them for the way they went about their business both in the classroom and on the cross country course. The Top 25 is a good way to end the year."

Freshman Meghan Heuer had a breakout race for K-State as she was the third Wildcat to cross the finish line in 137th place with a time of 21:57. Avery Clifton, the other half of the freshman duo finished right behind Heuer with a time of 22:02. Junior Boglarka Bozzay rounded out the top five for K-State with a time of 22:16, which was good enough for a 163rd finish.

The success at the national championship meet was not the only highlight of the season for the women's team. K-State finished fifth at the Midwest Regional for its first top five finish since winning the regional race three straight years from 1998-2000. Tresch and Messick helped the team to the high finish by posting top 15 finishes of their own individually to be awarded with All-Region honors.

K-State finished sixth in the deep Big 12 Conference again with strong performances from its top runners, as well as a 10th-place finish at the Pre-National Invitational. The Wildcats finished in the top 10 at every race this season but the national championship coming in second at the Cowboy Jamboree.

Bellinder Makes Grade

Senior Alyssa Bellinder ended her career with a prestigious award to put on her shelf. The education and mathematics major received the NCAA Elite 88 Award for women's cross country at the national championship banquet recognizing her for her hard work in the classroom.

The Elite 88 Award recognizes the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 88 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's 88 championships. Bellinder received the award with a perfect 4.0 GPA and won based on the tie-breaker rule of completed credit hours as a fifth-year senior.

"I was always taught to do everything to the best of my ability, and I carried that over to college," Bellinder said. "I never let myself not do my best in anything whether it's running or grades. This is something I've been working so hard at, and it's paid off. It's been a great season and I'm so happy to be here with a great team and, I'm glad I made the decision to join the team because I didn't think I could do it."

Head coach Michael Smith said the award was more special to him as a coach because of the journey Bellinder made through her career after initially thinking of not running on the team.

"There's a whole lot more to the story than Alyssa's GPA," Smith said. "The work that goes unnoticed day after day and year after year is the daily grind in the classroom. Alyssa has been running the Elite 88 race in the classroom for four-plus years and along the way never received anything less than an A. She came to K-State and didn't think she could handle running and school at the same time. How ironic that here we are four-and-a-half years later, not only is she doing both; she's doing both at the highest level."

2010 CROSS COUNTRY

Men See Improvement

The Kansas State men's team welcomed five newcomers to the squad in 2010 and the new Wildcats made an impact on the team along with some of the youth from the previous year. The young Wildcats helped the team finish fifth at the Cowboy Jamboree and 22nd at the Midwest Regional.

Transfer Phillip Banowetz made his presence felt by the end of the season when he was the team's top finisher in the final two races of the year. Freshman Kyle Hanson finished in the top four on the team at every meet , and sophomore Mitch Loring finished first or second in all three of the races he ran for K-State.

The Wildcats opened their season with team victories at the J.K. Gold Classic over Wichita State and Bradley. The men followed that with the fifth-place finish at the Jamboree in Stillwater, Okla. They then went on to finish 33rd at the Pre-National Invitational before running hard at the Big 12 Championship against a very strong field. Although the Wildcats finished 12th in the Big 12, the team battled and showed potential for next year as four of the team's top five finishers were part of the newcomers to the team. The men closed out their season at the Midwest Regional Championship with a 22nd-place finish.

2011 Kansas State Track & Field

2010 INDOOR RECAP

RUNNING WILD

A 2010 INDOOR RECAP

In 2010, the Kansas State track and field team showed it will remain a strong competitor in the Big 12 Conference as well as on the national scene with young faces making an impact for the Wildcats and a few school records falling during the indoor campaign. The men did not score any points at the NCAA Championship, but with three Wildcats each making their debuts at the championship meet K-State showed strength for the future. The women's squad posted two school records in the season and made noise at the conference championship meet.

K-State tallied a pair of All-America honors for indoor with senior Beverly Ramos finishing 10th in the 5,000 meters to garner the award. She also finished 10th in the 3,000 meters but did not qualify for the award's criteria. Freshman Erik Kynard kept K-State's streak of high jumper All-Americans alive. The Wildcats have had at least one men's high jumper earn the award for seven straight years finishing 11th at the NCAA Championship.

Ramos posted a school record in the 5,000 meters crossing the finish line in 16:08.60 at the NCAA Championship to close the season with another record. The records began falling at the Big 12 Championship when Nina Kokot made her season debut and leapt 20-10.00 in the long jump to finish second. Kokot went on to finish 12th at the NCAA Championship.

At the Big 12 Championship both the men's and women's teams finished eighth, but it was the women's performance that was strongest. The Wildcats had a number of women outperform athletes ranked higher than themselves heading into the championship meet to score more points than projected by the coaching staff.

The Tradition Continues

Erik Kynard came to K-State because of its rich tradition in the high jump. The Wildcats have produced All-American after All-American and won six NCAA titles. Kynard received All-America honors his freshman year to keep that tradition going.

The Toledo, Ohio, product won the first three meets of his career, including the special invitational competition at the Tyson Invitational against some of the nation's top jumpers. He then went on to finish second at the Big 12 Championship posting a season best jump of 7-03.75 before going on to finish 11th at the NCAA Championship and receive All-America status from the USTFCCCA.

Powers Combined

K-State also has made a name for itself in the com-

bined events under head coach Cliff Rovelto, and 2010 was no different for the Wildcats. Moritz Cleve finished second in the heptathlon at the Big 12 Championship coming up just short of defending his title from the year before. He was joined by two teammates on the podium again with Mantas Silkauskas finishing fifth and Rok Derzanic claiming sixth. Frsehman Isaac Mallory also competed strong and made a push finishing 11th overall.

Silkauskas qualified for the NCAA Championship with Cleve unable to compete. In one of the strongest fields in some time in the heptathlon at the championship meet, Silkauskas finished 14th in his first experience at the national meet scoring 5,507 points. A testament to the depth in the field, five athletes scored more than 5,700 points, and Oregon's Ashton Eaton set a new world record winning with 6,499 points.

Hurdling the Competition

Junior college transfer Jeffrey Julmis gave K-State a threat in the 60 meter hurdles to provide the Wildcats with another event to score points in at the conference level and eventual become a player on the national stage as well. In just his second meet as a Wildcat he ran 7.84 seconds to finish second at the Husker Invitational and move into second in school history. He continued to run strong throughout the season before finishing seventh at the Big 12 Championship. Julmis then ran 13th at the NCAA meet as well.

Julmis was not the only hurdler to make noise for the Wildcats in 2010, either. Junior Denise Baker continued her improvement as the year progressed to find herself on the podium for the first time in her career at the Big 12 Championship. Baker ran a new personal best time of 8.46 seconds to advance to the final where she finished eighth. Her new fastest time ranks her second in school history as well.

Running Long

K-State has emerged as a competitor in the Big 12 in the distance and mid-distance events thanks to recent successes from a number of Wildcats. Last season, K-State saw a freshman make an immediate impact again, and a trusty veteran post two impressive performances at the conference championship meet.

Freshman Sara Stoakes went on to finish third in the 800 meters with her time of 2:08.78. She is no stranger to performing well in big meets as she single-handedly won her high school the Iowa Class A state title as a senior.

Sophomore Boglarka Bozzay transitioned to the 1,000 meters after placing in the 800 as a freshman and she continued to provide points for the Wildcats. Bozzay finished fourth at the conference meet, and the men's team saw success in the mid-distance events as well. Armando Del Valle finished fourth in the 1,000 meters, and the pair of Jack Sachse and Jacob Davies finished sixth and eighth respectively.

Senior Beverly Ramos closed her career with her best performance at the Big 12 meet yet as she finished second in the 3,000 meters and 5,000 meters. Ramos finished behind Iowa State's Lisa Koll in both events. She used that momentum to go on to win the Alex Wilson Invitational the following week to solidify her spot in the field for the NCAA Championship. Ramos then finished 10th in both events at the championship meet.

2010 OUTDOOR RECAP

NATIONAL FORCE AGAIN

A 2010 OUTDOOR RECAP

The Kansas State Wildcats graduated some key players from the 2009 squad, but that did not keep them from continuing to be one of the top teams in the Big 12 Conference and NCAA. In 2010, K-State remained strong in areas fans and insiders have become familiar with Wildcat dominance. The K-State men had another All-American in the high jump and just missed out on another in the decathlon. Meanwhile, the women saw success in the distance events again.

With the graduation of three-time NCAA champion Scott Sellers, the Wildcats looked to freshman Erik Kynard to keep the tradition of stellar high jumping going at K-State. He did not disappoint in his freshman campaign. Kynard finished first or second in every meet he competed in until the NCAA Championship where he claimed sixth with his leap of 7-01.50. He mirrored his performance from the indoor season finishing second at the Big 12 Championship as well. Kynard also went on to finish third at the USA Junior Championships. Kynard's selection as an All-American makes it eight straight years K-State has had a men's high jumper receive the honor.

Triple Crown

Senior Beverly Ramos closed her career at K-State as an All-American, and not just in one area. Ramos earned All-America status in the 2009 cross country season to become the program's ninth All-American. She then rode that momentum indoors where she finished 10th in the 5,000 meters and earned All-America status there as well. She then went on to finish 10th at the NCAA Championship outdoors in the 5,000 meters to make it an All-American triple dip.

Ramos tallied a fourth-place finish at the Big 12 Championship to add to her successes at the conference championship meet throughout her career. She also posted a school record time in the 3,000 meter steeplechase, an event she earned All-America honors earlier in her career. She won the steeplechase at the prestigious Drake Relays with her time of 10:15.43 to break the school record. Her record would be broken by a newcomer to K-State track later in the season.

Full Sprint

Kansas State saw a resurgence in its sprints program in 2010 with the emergence of Jeffrey Julmis in the hurdles and Martynas Jurgilas in the 100 meter dash. Both ran their way onto the podium at the Big 12 Championship with Julmis finishing fourth in the 110 meter hurdles, and Jurgilas running to fifth in the rain during the final heat.

Julmis set the school record during the final of

2010 OUTDOOR RECAP

the Big 12 Championship clocking in at 13.62 seconds. The fast times kept coming as he finished second at the NCAA West Regional and again breaking the record at 13.59 seconds. Julmis then went to the NCAA Championship where he finished fifth becoming the school's first All-American hurdler since 1997.

Jurgilas improved throughout the season with the culmination coming at the Big 12 meet where he consistently ran his fastest. His time of 10.33 seconds in the preliminaries set a new Lithuanian national record for his homeland.

Going the Distance

At the Big 12 Championship in 2010, K-State's women scored a large number of its points in the distance events. It was a partial youth movement with two underclassmen coming up big at the right time.

Freshman Sara Stoakes began making a name for herself early in her career at K-State when she finished fourth at the Jim Click Shootout with just one shoe. Stoakes lost her shoe part way through the race and went on to run 2:08.57. The time was good enough to rank No. 1 in the Big 12, and she never surrendered it. Stoakes improved her personal best time every week leading up to the Big 12 Championship where she won the final by leading from start to finish. She held off two charges from the field before pulling further ahead down the final stretch.

Sophomore Martina Tresch was another underclassman to make a big impact for K-State in 2010. Tresch ran to a third-place finish at the Big 12 Championship in the 3,000 meter steeplechase setting a new school record at 10:04.27. Tresch finished eighth at the NCAA West Regional to advance to the championship meet where she came in 16th just missing out on the field of 14 for the final heat.

Some familiar faces also scored for the Wildcats in the distance events. Senior Beverly Ramos finished fourth in the 5,000 meters clocking 16:13.61 trailing a trio of Iowa State Cyclones in the event. Ramos would go on to finish 10th at the NCAA Championship and receive All-America honors. In keeping with the longer distance events, junior Sydney Messick finished seventh in the 10,000 meters for the Wildcats to give the women 23 of their 30 points in the mid-distance and distance events.

More Mo

Moritz Cleve maintained his status as one of the nation's top decathletes in 2010 as he again qualified for the NCAA Championship. Cleve opened the season with a second-place finish in the decathlon at the Jim Click Shootout with a point total of 7,429. Although he did not compete during the middle portion of the season, Cleve was still able to go to the NCAA meet and show why he was there.

At the NCAA Championship, Cleve finished 10th in the deep field. He scored 7,360 points over the two days of action and showed a lot of resolve after flipping head over heels into the pit when a pole snapped on his while attempting to pole vault. He responded by clearing the bar and finishing the competition strong.

WHAT EVERY ALUMNUS AND BOOSTER OF KANSAS STATE SHOULD KNOW ABOUT THE NCAA

Key Points

A 'representative' of Kansas State's athletic interests is: an individual who is known (or who should have been known) by a member of K-State's executive or athletics administration to:
A) have participated in or to be a member of an agency or organization promoting KSU athletics.
B) have made financial contributions to the department or to an athletic booster organization of K-State.
C) have been involved otherwise in promoting the institution's athletic program.
D) bought or received tickets to a K-State athletics event.
Once an person is identified as an 'athletic representative,' the person retains that identity forever.

Key Rule: NCAA BYLAW 13.01.5
In Division I, representatives of athletics interest are prohibited from making in-person, on-or-off campus recruiting contacts, written, telephonic communications or e-mail transactions with a prospect or the prospect's relatives or legal guardians.

Interpretations
1. A representative of a Division I institution is prohibited from making in-person recruiting contact with a prospect and his or her parents/guardian on or off campus.

Limited Exception: You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and K-State is aware that you are making these contacts in regard to employment.

2. A representative is prohibited from writing or telephoning a prospect and his or her parents or legal guardians.

Limited Exception: You may have a phone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by a K-State staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about the University's athletic program to the athletic department.

3. A representative is prohibited from contacting a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

Limited Exception: NCAA rules do not preclude you from viewing a prospect's contest on your own initiative, but you may not contact the prospect, pick up film or transcripts.

What can I do?

If you know of a high school or junior college student-athlete who might want to attend K-State, the only permissible activity for a representative is to call the appropriate coach.

What is an "Extra Benefit?"

An extra benefit would include provision of transportation, meals, clothes, entertainment, preferential loan terms, wages not commensurate with duties, or other benefits offered to a prospect or current student-athlete which is unavailable to the general student population.

What can you do with prospects?

DO feel free to attend high school and junior college athletic events. You cannot have any contact with the prospective student-athletes or relatives. Should you find yourself seated next to parents of a prospect, DO NOT initiate conversation with the relatives. If conversation is initiated, respond in a civil manner, but DO NOT discuss K-State's athletic program with them. If they raise questions about athletics, remind them that the NCAA prohibits you from discussing athletics with them. You MAY discuss the University in general, and its academic programs.

DO continue established family relationships with friends and neighbors. Contact with sons and daughters of those families are permitted as long as they are not made for recruiting purposes and are not prompted by Wildcat coaching staff members. You ARE permitted to play 'pick up' games, continue neighborhood picnics or backyard barbecues and engage in your normal activities with prospects and their parents who are family friends.

DO feel free to attend a public event (i.e. awards dinner) at which prospects are in attendance. NO attempt should be made to contact or recruit the prospect at these events.

What can I do for current K-State athletes?

DO feel free to invite a student-athlete to your home for an occasional meal, but you must first contact the coach in the sport in which the student-athlete is a participant. Remember, the student-athlete must provide his or her own transportation. You may do this a maximum of one time per school term per athlete.

DO feel free to invite a team for dinner or to meet with a group of alumni in a city where they are competing. The NCAA permits student-athletes AS A TEAM to receive special benefits not permitted as individuals. Arrangements for such events must be made in advance with the head coach or appropriate athletic staff member.

MISSION STATEMENT

The mission of the Kansas State Department of Intercollegiate Athletics is to provide, within the context of available resources, an environment that supports the educational objectives, academic progress and general welfare of student-athletes and allows them to compete at the highest levels of athletics. Our mission is also to embrace the guidelines and principles established by the Big 12 Conference and NCAA, which promote the principles of sportsmanship and ethical conduct. The Department of Intercollegiate Athletics is committed to providing fair and equitable treatment for all student-athletes and athletic department personnel, including women and minorities.

PHILOSOPHY STATEMENT

The Department of Intercollegiate Athletics shall assure that all intercollegiate sports programs and department operations are consistent with the mission of Kansas State University. Student-athletes and department employees should be treated fairly and equitably regardless of gender or race. All department activities will be conducted within the rules, regulations and policies of Kansas State University, the Big 12 Conference and the NCAA.

The Department's decision-making process shall be based upon consideration of the academic, emotional and physical welfare of every current and future student-athlete. The experience to be provided to student-athletes should promote social, moral, emotional, cultural, and vocational growth and development and should emphasize the value of sportsmanship, loyalty, teamwork & individual accountability. An environment promoting excellence will allow the physically talented and gifted student-athlete to achieve maximum potential.

How can I assist with summer employment?

DO pay student-athletes employed by you for work actually performed and at a rate commensurate with the going rate for similar services in the community and your business.

DO notify the head coaches or the athletic department of job possibilities for student-athletes.

Other questions and answers:

Q. May I accompany the coach during a 'home' visit with the prospect?
A. No
Q. May I drive a prospect to a secondary school's reception in my local area?
A. No, unless such arrangements are made for all students in attendance.
Q. May a booster group finance a season-ending banquet? May it purchase any awards for the team?
A. Yes, provided all funds are expended through the athletic department. Since the NCAA has established a value limit on awards received by student-athletes, it is important to have all awards approved by the athletic department.

Additional reminders:

1. Contact the athletics department for NCAA interpretations.
2. Remember that in most cases CONTACT is prohibited.
